ID list of red-billed choughs in Jersey, Channel Islands

The very first choughs released into Jersey were given a black leg ring with a unique code in white writing.

This was changed the following year to a **red and white striped ring** (R-Wstriped); the colours of the Jersey flag.

Most Jersey choughs then have two other plastic rings; the **bottom colour** refers to year of hatch, the **top colour** is unique to the bird in that year group.

The colour for 2021 is **yellow**.

Please note all ringing is carried out under license from the States of Jersey
